Dear Lois,

Thanks for your card asking whether I left my pipe.

God only knows.

I may have left my pipe and then I may not have. (And then, again, I may have left much more behind; my recollection after about 7:00 PM is not too clear.)

If the pipe has only tobacco in it, then that is a sure sign that it is mine, and I would appreciate it if you could send it to me. If, on the other hand, the pipe has traces of illegal and dangerous substances in it, then it is clearly not mine, and I will refuse to accept it.

By the way, I enjoyed the POINT board meeting and the board members thoroughly and, probably, obviously.

Drop by when you are in the City. Stewart, too.

Sincerely,

Tom
